

How to reach your goal ?

A guide to land where you want to be !

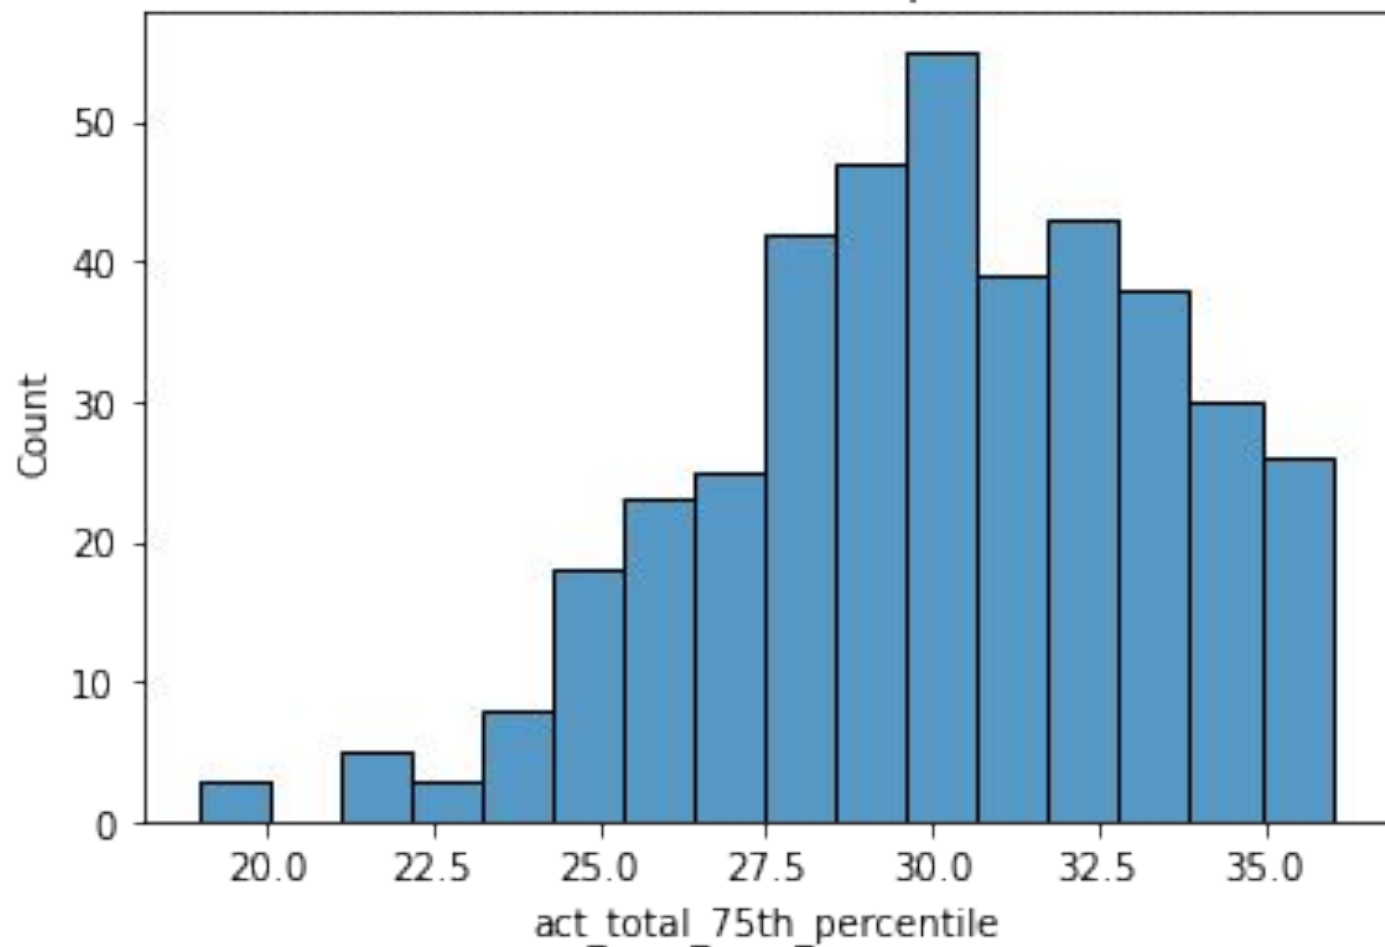

Acceptance Rate vs SAT 75th percentile

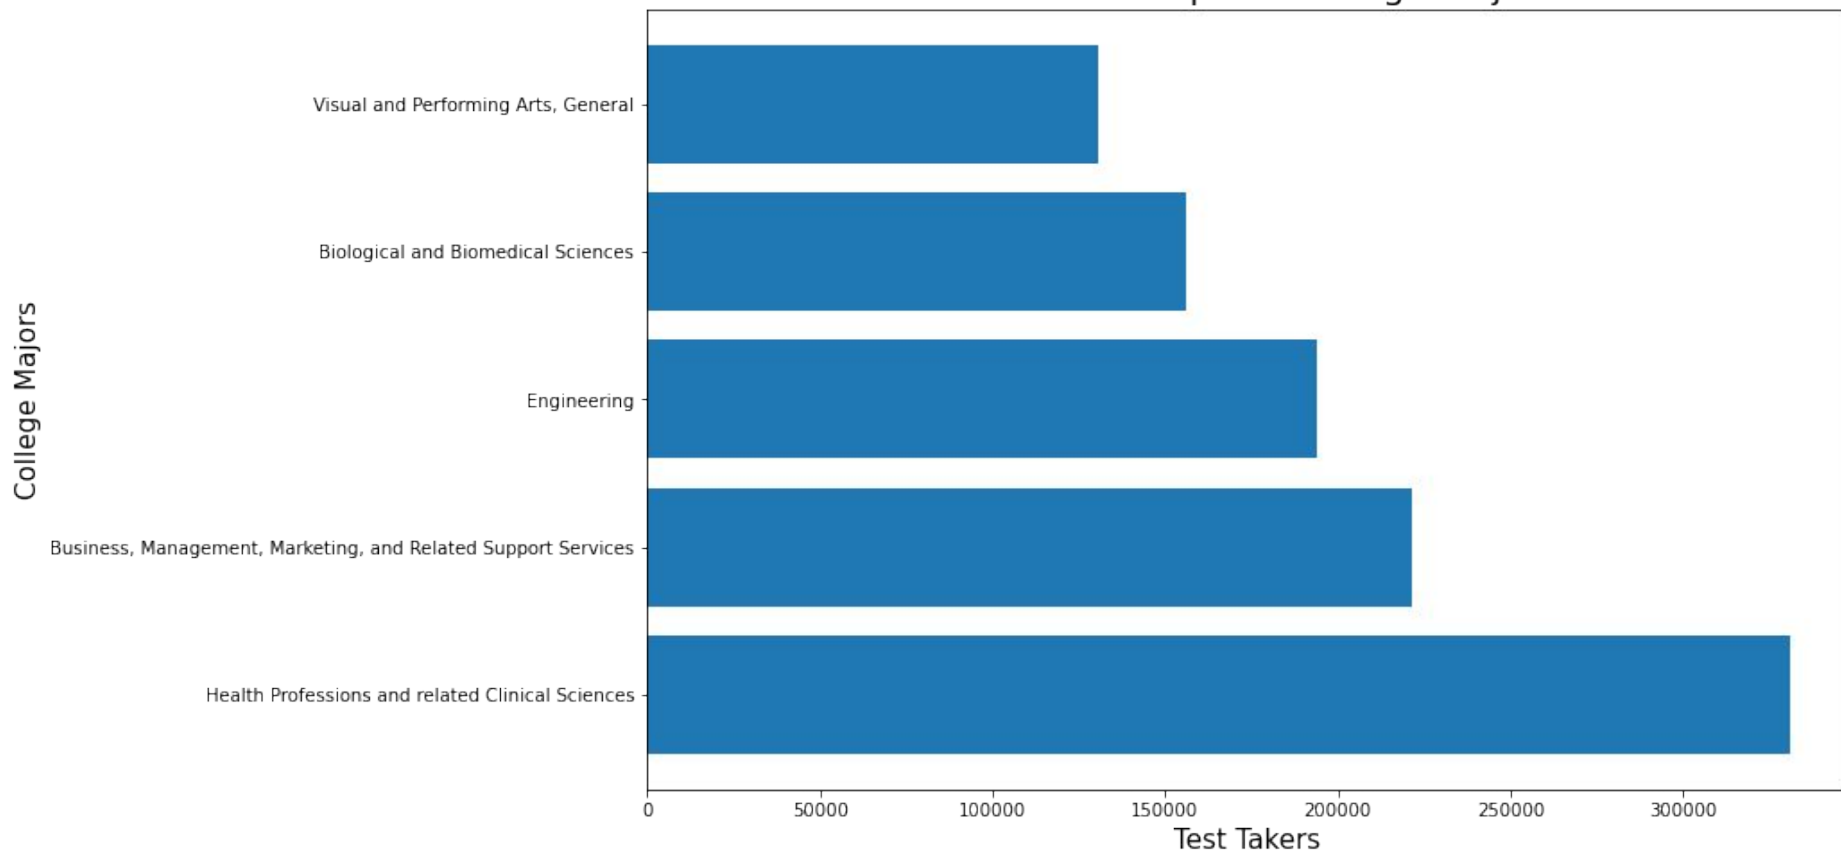

Distribution of the SAT 75th percentile score

Distribution of the ACT 75th percentile score

The 5 Most Popular College Majors

Conclusion

- I would still advise students to take the test to increase their chance to reach their desired colleges and majors
- focus on the 75th percentile of the school they want to get into to have the most chance to get in
- have good score across discipline even if you're not interested in a science or business major
